

October / November 2023 – LCC Spirit of Cricket Key Themes

- Positive behaviours - respect, effort, teamwork, positive language and energy in the field
- Things to avoid – bad language, discriminatory language, nicknames, mock accents, open displays of frustration
- Dealing with frustration or disappointment
- What to do if they witness or experience bad behaviour
- Understanding of personal and group safety

We discussed also that it is hugely important to recognise that diversity is not always visually apparent, and that a chance or casual remark can be very upsetting. Examples include LGBTQIA+ people, or people with disabilities.

We will aim to reinforce these messages in training and also in the summer season. We also hope to get a small group 'spirit of cricket ambassadors' together for each age group.
